

June 10, 2021 (Update to Trade Letter dated January 15, 2021)

Dear Trade Partner,

This is to inform you that a new lot of **Chemet® (succimer) capsule 100mg**, NDC 55292-201-11 presented as a 100ct bottle has been successfully manufactured and will be released for distribution on Thursday June 10, 2021. Cardinal Health SPS will be reaching out to all customers with open Chemet orders starting on Thursday.

As always, we greatly appreciate your business and your support. Should you have any questions, please contact [info@recordatirarediseases.com](mailto:info@recordatirarediseases.com).

Regards,

*Peter Strauss*
